The earpiece cord can be extended by gently pulling on the cord. The cord can be retracted (shortened) by pressing the Rewind Button.

How to Wear Your Headset

UA-25 v2.0 is designed,

A. to clip onto your clothing

How to Wear Your Headset (cont'd)

B. fasten by a neck strap to wear comfortably and securely around your neck

Step 1. Loop the thin end of the neck strap through the slot on the Headset.

Step 2. Loop the thicker side of the neck strap through the loop created by the thin wire and pull until snug.

Step 3. Once pulled through, you can wear your Headset around your neck.

How to Wear Your Headset (cont'd)

B.

To release the strap, hold the strap and pull outwardly.
(See the picture on left)

- Use the provided neck strap only.
- It may be necessort to bring the microphone closer to your mouth for lowering background noise.

Charging Your Headset

Before using your UA-25 v2.0 ("Headset") for the first time, please insert the charger into the power source and connect the other end to micro USB charging socket of headset to charge the battery fully.

Status	Status Indicator
1. Charging	Red light ON
2. Fully charged	OFF
3. Low battery	Red light for every 5 seconds
4. Out of battery	OFF

- To extend the battery life, re-charging the battery every 6 months.
- Charging indication will be delayed in a few seconds if the headset has not been used for a long period of time.

Getting Started

Turning Your Headset On and Off:

A. Turning on

Press and hold the MFB until the status indicator flashes blue.

B. Turning off

Press and hold the MFB until the status indicator flashes red.

Pairing Your Headset with a Bluetooth® wireless technology enabled phone

1. Turn on the Bluetooth® function in the mobile phone.
2. Place the headset and the phone where they are visible, within arm's length from each other.
3. Ensure the headset is OFF.
4. To activate the headset's pairing mode, press and hold the MFB until the blue LED on.
5. Search the headset, select "UA-25 v2.0" and enter the passcode "0000". If your mobile phone supports "Simple Pairing" function, no code is required.
6. When the pairing is complete, the headset's status indicator will off.

Pairing Your Headset with two Bluetooth[®] wireless technology enabled phones (Multi-point)

Headset supports a Multi-point function to allow simultaneous its pairing with two mobile phones.

1. Pair the headset with the first phone (follow the step in "Pairing Your Headset with a Bluetooth mobile phone").
 2. Turn off the headset and the bluetooth function of the first paired phone.
 3. Pair the headset with the second phone (follow the step in "Pairing Your Headset with a Bluetooth mobile phone").
 4. Activate the Bluetooth connection with the headset and the first paired phone on the phone's menu.
- For some phones, you may need to manual press "connect" to connect the headset.
 - If the pairing cannot be completed within two minutes, the headset will automatically go to standby mode and then turn off after three minutes. Repeat steps to pair both devices again.

Reconnecting Your Headset

1. If the headset has powered off, it will be reconnected to the phone automatically after switching on the headset.
2. If the phone has powered off and headset is then disconnected you need to reconnect the headset from the bluetooth's menu when phone turns on again. Otherwise, the headset will switch off.

- UA-25 v2.0 is designed to work with the mobile phones with Bluetooth Hands-free profiles (or Bluetooth devices), the compatibility of some features are not guaranteed for some phones in different operating system.

In order to have a better and clear reception, there should have no obstacle to the headset while talking.

Troubleshooting

I cannot adjust volume in my headset

- Please adjust the volume by your phone

I cannot pair with my mobile phone

- Ensure your headset is power on and fully charged
- Ensure the Bluetooth setting is activated on your phone
- Ensure the headset is at pairing mode (blue light on)
- Ensure the headset is not out of range of your phone
- Ensure your phone is visible to all nearby Bluetooth devices (when the headset is in easy pairing mode)
- Please wait a seconds for the searching the Bluetooth devices

If the above steps do not solve the problem, please turn off the headset and recharge the headset, and then try again.

I cannot hear the sound in my headset

- Ensure your headset is power on and fully charged
- Ensure your headset is paired and connected with your phone
- Ensure the conversation is not transferred to your phone
- Ensure the volume level is high enough

I cannot turn off the headset

Please press and hold the MFB for a longer time, otherwise, please recharge the headset for 2-3 seconds then disconnect the charger, the headset now turns off.

Troubleshooting (cont'd)

I cannot turn on the headset

Ensure your headset is power on and fully charged, otherwise, please charge the headset for 1-1.5 hours, and then turn on again.

My phone cannot be auto-reconnected with the headset

- Manually connect the headset from your mobile phone
- Turn off the mobile then turn on again
- Turn off the headset then turn on again

There is a "Beep" sound from the earpiece during the call, what happen?

Low battery alert, please charge your headset.

I hear some noise during the call, why?

There is an obstruction between the headset and your mobile, please remove it. Or please put your mobile on the table, don't hold it on hand.

Safety Precautions

1. Unintentional depression of the retractable button could result in an injury from the force of the earpiece cord retraction.
2. Be careful when retracting the length of the earphone. Keep a safe distance between your face and the headset.
3. If you must use the headset while driving, ensure your attention is fully focused on driving safety. Be a responsible driver and abide by the local laws.
4. Place in a children's unreachable area, never allows them to play with the headset. Small parts pose as a choking hazard.
5. Obey all designated areas such as hospitals, electronically restrictive and hazardous environment that require an electrical device be switched off.
6. Turn off your headset prior to boarding on an aircraft. Do not use it while being asked by the flight attendant.
7. Never mount or store your headset over any air bag deployment area as serious injury could result upon deployment.
8. Do not attempt to disassemble the headset as it does not contain serviceable components.
9. Headset builds with battery inside and should dispose of it according to local regulations, not as a household waste.

Maintenance

1. Do not yank or forcibly pull the earphone cord.
2. Consider turning your headset off before placing it in your pocket or bag.
If the MFB is accidentally pushed, your mobile phone may place an unintended call.
3. Do not expose the headset to liquid or humidity, as it is not waterproof.
4. Do not use abrasive cleaning solvents to clean the headset.
5. Do not expose the headset to extremely high or low temperatures.
6. Do not expose your headset to contact with sharp objects as this will cause scratches and damage.
7. Do not stick anything inside the headset as this may damage internal components.
8. Do not attempt to replace the headset's battery. It is built-in and is not removable.

Declaration of Conformity

We, iXchange, declare that the following product:

Product Name: Mini Clip

Model Number: UA-25 v2.0

is in conformity with the following essential requirements of Council Directive 1999/5/EC (referred to as R&TTE Directive): Article 3.1a, 3.1b and 3.2 and the product is manufactured in accordance with Annex II of the directive.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

15.21

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

FCC Compliance Statement (cont'd)

15.105(b)

This equipment has been tested and found to comply with the limits for Class B digital devices, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help
